

I consider this to be a grave misuse of the public airwaves on the part of Sinclair Broadcasting. In fact, it could be considered a financial contribution to the Bush campaign, which is illegal for any media outlet to do. I ask that you hear the outcry of the citizens of this country and put a stop to this egregious misuse of the airwaves. It also smacks of blatant partisanship on the part of the media. Sinclair Broadcasting, by wishing to air this program, is, in essence, declaring itself to be a mouthpiece for the Bush administration. The media has long served as the watchdog of the government as well as a place where one can receive fair and non-partisan news and information. This hardly can be considered to be a fair and balanced news story. I ask that this documentary be pulled from the airwaves because it is a crass and blatant misuse of the public trust and shows a clear partisanship from Sinclair Broadcasting as to who they support for President in the upcoming elections.
